COIMBATORE, TAMIL NADU, INDIA · PYTHON · WEB DEVELOPMENT · MACHINE LEARNING · OPEN TO OPPORTUNITIES

01 PROFILE

To pursue a career in software development where I can apply my programming knowledge, problem-solving abilities, and technical skills to develop effective solutions. Eager to gain practical experience, learn emerging technologies, and contribute to organizational growth while continuously improving my expertise.

02 PROJECTS

CropSentinel AI

SIH 2026 FINALIST

Smart Crop Health Early Warning System

Team Code Bites · Problem Statement 26131 · Agriculture, Food Tech & Rural Development

- Collaborated on a proposed crop disease and pest early-warning solution.
- Explored combining crop imagery, weather data, regional records, and historical outbreak patterns for risk assessment.
- Contributed to risk alerts, crop management recommendations, expert escalation, and disease hotspot tracking.

Heart Disease Prediction

INDIVIDUAL PROJECT

Machine Learning · Flask Web Application

Technologies: Python, Flask, pandas, Random Forest Classification

- Developed a Flask application processing 13 health-related input features with estimated probability distributions.
- Used pandas for data processing and preprocessing before model input.
- Implemented a JSON prediction API endpoint for programmatic requests.

Smart Parking Management System

INDIVIDUAL PROJECT

Web Application · PHP Backend

Technologies: PHP, HTML, CSS, JavaScript, XAMPP

- Developed a web-based smart parking application with PHP backend logic.
- Configured and managed XAMPP for local server execution and testing.
- Created frontend user interfaces using HTML, CSS, and JavaScript.

03 EXPERIENCE

Web Development Intern

ONE MONTH

Accent Techno Soft

- Gained practical exposure to front-end development using HTML and CSS.
- Structured and styled responsive web pages utilizing HTML and CSS fundamentals.

04 PROFESSIONAL STRENGTHS

- Problem-Solving & Analytical Thinking
- Adaptability & Willingness to Learn
- Team Collaboration
- Communication & Interpersonal Skills

05 LANGUAGES

Tamil · English

TECHNICAL SKILLS

Programming Languages

Python, C++, Java, PHP

Frontend Development

HTML, CSS, JavaScript, Bootstrap

Backend & Frameworks

Flask, JSON APIs, XAMPP

Data Processing

SQL, pandas, Data Preprocessing

Machine Learning

Random Forest Classification, Predictive Modeling

EDUCATION

Master of Computer Applications

2026 – Present

Karpagam Academy of Higher Education, Coimbatore

Currently pursuing

B.Sc. Computer Science & Application

2023 – 2026

Sri Krishna Arts and Science College
Bharathiar University

CGPA 7.9 / 10

Higher Secondary Certificate

2023

Lisieux Matriculation Higher Secondary School

65.67%

Secondary School Leaving Certificate

2021

Lisieux Matriculation Higher Secondary School

Pass

CERTIFICATIONS & ACHIEVEMENTS

Smart India Hackathon 2026 Finalist
CropSentinel AI · Team Code Bites

HTML, CSS and JavaScript
Coursera · Certificate

Interpersonal Skills
NPTEL · Certificate

Neuroverse'26
KPR Institute of Engineering and Technology · Participant
